It's More Than A Package, It's A

MINI-BILLBOARD!

The Perfect Package

our Name Goes Here

For those of you who expect to market five hundred plus sets of molded earplugs per year, we recommend private labeling your carrying pouches for your ear protectors. Private labeled pouches do a great job of getting your name out and creating repeat business! It's like a business card people don't throw away.

In the space provided, simply provide us with a design of how you would like your pouch to look. Be sure to include camera-ready artwork if your design incorporates a custom logo. Allow 4-5 weeks for your initial order to be completed. Minimum order is 250 pouches.

- Pouches available in: Royal, Clear, or Black.
- Pouches can be made with a clear front or solid color front and back.
- Imprinting available in all standard foil colors.

Practice Space for Your Logo

In the space provided please design what you would like your customized pouch to look like. In most cases the more basic design, the nicer the pouch.
